# Why Vmaker's AI Human Avatar?

---

## 100% Customisable

Vmaker has introduced AI Avatars as part of a fully blown video editor. That means your AI videos can be 100% customisable. No more just sticking to templates and updating the content. Be creative in having AI avatars over screen recording, PPTs or PDFs or even have multiple AI avatars talking on the screen.

# Why Vmaker's AI Human Avatar?

---

## Real Time Video Generation & Preview

No more waiting for the video to render to even have a preview. Vmaker's AI avatar video are generated in real time and you get to preview it right away before customising your videos with our video editor.

# Why Vmaker's AI Human Avatar?

## Most Competitive Pricing in the market

Vmaker has launched its AI Avatar Maker at the most competitive price in the market. Synthesia and other similar products start their Enterprise pricing at \$6k and can go upto \$15k per user. Vmaker's AI Avatar credits are offered at 1/3rd of that cost.
